PROFILE

I'm 21 y.o., live in Zhytomyr. I'm searching for Junior Python/Django Developer position.

EXPERIENCE

Non-commercial experience

About 1 year

Python/Django

I have a pet-project for student accounting. It's based on the fact that the user has to register (in this way he gets access to add, edit and delete students, groups, exams, and may make changes to the journal). It is also possible to send a letter to the administrator. Exist student filtration. For forms I used Ajax (I know that I still need to work with this technology). It's possible to view the site in three languages.

SKILLS

I've worked with: Python, Django, SQL, PostgreSQL, HTML, CSS, Bootstrap, JavaScript, JQuery, AJAX, Linux (Ubuntu), Git.

LANGUAGES

English – Pre-Intermediat
Polish – Advanced
Russian – Advanced
Ukrainian – Native

Expectations from work

I'm waiting for support and mentoring from the team. I want to work and develop. I believe that the team can grow faster.

Hobby

I like to ride a bike, run, listen to music, sing, at my free time I prefer reading books and learning play on guitar

Personal qualities

- Responsibility
- Conscientiousness
- Communicability
- Readiness to learn new things

EDUCATION

Zhytomyr State Technological University

2018 - 2022

Bachelor of Computer Software Engineering

I study at part time
